FINANCIAL AUDIT REPORT
ALCOHOLIC BEVERAGE CONTROL
APPEALS BOARD
YEAR ENDED JUNE 30, 1978

The regulations of the Federal Office of Revenue Sharing require governments receiving revenue sharing funds to have audits of their financial statements not less than once every three years. This audit assists in fulfilling the audit requirements necessary to continue California's eligibility for federal revenue sharing funds.

Our examination was made in accordance with generally accepted auditing standards and included studying and evaluating the Department's system of internal control. This study and evaluation disclosed several conditions which we believe to be weaknesses and were considered in determining the nature, timing, and extent of our audit tests. Presentation of these conditions, however, does not modify our opinion on the financial statements.

INTRODUCTION

In compliance with federal Office of Revenue Sharing regulations, we have conducted a financial audit of the Alcoholic Beverage Control Appeals Board. This audit was conducted under the authority vested in the Auditor General by Section 10527 of the Government Code and in the Department of Finance by Section 13294 of the Government Code.

The objective of the board is to provide an inexpensive and expeditious remedy of appeal to people who are dissatisfied with a decision of the Department of Alcoholic Beverage Control ordering any penalty or issuing, denying, transferring, suspending or revoking any alcoholic beverage license. After a party has filed an appeal, the board conducts an open hearing on the appropriateness of the department's decision. Following this hearing, the board prepares, publishes and distributes a formal written opinion on all cases. Parties seeking review of the board's decisions must go to the Courts of Appeal by filing a petition for writ of review.

The board's programs are supported by appropriations from the state General Fund.
AUDITOR'S OPINION

To the Joint Legislative Audit Committee of the California Legislature and the Department of Finance:

We have examined the combined balance sheet of the Alcoholic Beverage Control Appeals Board as of June 30, 1978 and the related statements of expenditures and changes in operating clearing for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying financial statements present fairly the financial position of the Alcoholic Beverage Control Appeals Board as of June 30, 1978 and the results of its operations and changes in operating clearing for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The column amounts on the accompanying combined balance sheet captioned "Total - Memorandum Only" for June 30, 1978, are not necessary for a fair presentation of the financial statements, but are presented as additional analytical data and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

The column amounts on the accompanying combined balance sheet and statement of revenues, expenditures and changes in operating clearing for the year ended June 30, 1977, which are presented for comparative purposes only, were not audited by us and accordingly we do not express an opinion on them.

The notes to the financial statements are an integral part of this statement.
1. **Summary of Significant Accounting Policies**

The preceding financial statements reflect the financial position and results of operations of the Alcoholic Beverage Control Appeals Board. The accounts are maintained in the General Fund.

The accounting policies of the Alcoholic Beverage Control Appeals Board conform to generally accepted accounting principles as contained in the State Administrative Manual.

**General Fund**

The Alcoholic Beverage Control Appeals Board accounts for only its portion of the state General Fund. The State Controller maintains central accounts for the General Fund and publishes consolidated General Fund statements.

**Expenditures:**

Generally, appropriation expenditures are recorded during the year at the time claims for payment are filed with the State Controller. At June 30, all commitments are accrued as expenditures.
Liabilities

Retirement Plan: Regular employees of the Alcoholic Beverage Control Appeals Board are members of the Public Employees' Retirement System (PERS) which is a defined benefit, contributory retirement plan. The amount the agency and employees contribute to PERS is actuarially determined under a program in which contributions plus retirement system earnings provide the necessary funds to pay retirement costs as accrued. Retirement contributions for the year included in the expenditures-personal services account were $21,449.

Vacation and Sick Leave: The board does not record the costs of vacation and sick leave at the time the benefits are accumulated. However, at the time of usage, the expenditures-personal services account is charged.

General Fixed Assets.

Purchases of equipment are recorded as expenditures in the year of acquisition. The aggregate cost is capitalized in the General Fixed Assets Account Group except for certain nonexpendable equipment items not on the State Administrative Manual equipment list. Nonexpendable equipment (with a useful life of two years or more), generally valued at $150 or over is recorded at original cost or, if not available, at fair market value.
2. **Accounts Payable**

Accounts payable include all unpaid liabilities for goods and services received as of June 30. Accordingly, they also include liabilities for which disbursement requests were submitted to the State Controller by June 30, but which had not been paid as of that date.

3. **Encumbrances Outstanding**

Encumbrances outstanding include all valid commitments against budget appropriations for which no goods or services had been received by June 30.

4. **Operating Clearing**

This account is the connecting link between the Alcoholic Beverage Control Appeals Board's portion of the General Fund and the central accounts of the General Fund maintained by the State Controller. The account balance at June 30 represents a clearing account between the Alcoholic Beverage Control Appeals Board and the State Controller.

5. **Support Appropriation**

Support appropriation is the portion of the General Fund which the legislative budget act allocated to the Alcoholic Beverage Control Appeals Board.
